DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-3, 5-11, 13-18, and 36-49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 36 are vague. In line 3, the recitation of "associated" is not clear as to how the receptor is related to the reaction zone.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 36-38, 40-44, and 48-49 are rejected under 35 U.S.C. 102(b) as being anticipated by Wilding et al (U.S. Patent 5,637,469).

See the previous office action for the teachings of Wilding et al.

Wilding et al teaches the use of fluorescently labeled reagents specific for the analyte. Fluorescent labels can be excited by an evanescent field. Although Wilding et al do not teach a source for the evanescent field, such a teaching is not necessary because the instant claims do not recite an actual source for providing the evanescent field. Claim 36 only requires the label "emit light when excited by an evanescent field".

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher L. Chin whose telephone number is (571) 272-0815. The examiner can normally be reached on Monday-Thursday.
